Taking care of business — and the business traveler

TripSource™: Portal is a comprehensive global solution addressing the needs of your traveler, your travel program and your corporation. As a centralized communication vehicle arming travelers with on-demand content, productivity tools and safeguards for business travel, TripSource: Portal delivers relevant, timely information and critical alerts to targeted audiences. Offering a limitless array of traveler services, the portal aligns program and organizational needs to drive savings, support business objectives and avoid corporate travel program risks.

SERVING A BROAD AUDIENCE

- Keeping *travelers* safe, informed & productive
- Supporting *travel programs* with consistent, agile & responsive service
- Serving *corporations* by driving savings, supporting business objectives and avoiding risk in travel and expense programs

Advanced Technology for Today's Travel Program and Tomorrow's Opportunities

TripSource: Portal provides continuous access to online booking engines, expense management systems, personalized travel information, targeted alerts, and travel news – all integrated into a single, intuitive environment. TripSource: Portal's unique technology platform, developed by BCD Travel, makes it easier than ever to plan and manage the business of travel, allowing your travelers to spend more time “on mission” – and less time on travel arrangements.

Targeted Communications Make Your Point

TripSource: Portal will be a vital element in your plan to disseminate critical information to the right people at the right time. Content administration capabilities let you customize the delivery of news and articles featuring travel tips for the road warrior.

Traveler Benefits:

- Easy access to information for safe and informed travel from any Web-enabled computer.
- A highly customized experience, including personalized travel preferences and a virtual travel assistant that follows the traveler throughout the trip with relevant information on the current location.
- Company-specific, industry and destination available tailored to the business traveler, including information on travel policy, office locations, and upcoming cultural events.

Travel Program Benefits:

- Easy integration with the industry's leading online booking tools.
- Support for multiple languages and a virtually limitless array of advertising-free information sources, including a currency converter, time zone converter, airport security delays etc.
- Easy content administration lets you upload and publish desktop files, messages and images without programming assistance.
- Access to on-demand reports gives you a window on portal use by travelers and arrangers – a powerful tool supporting continuous travel program improvement.

Corporate Benefits:

- A turn-key solution that eliminates the need for internal development.
- A comprehensive business solution for business travel – rich content is provided by business travel professionals in an advertising-free environment.
- Full branding to reflect the identity of the corporation and the travel department.
- The security of working with BCD Travel – a proven travel technology leader, known for developing and delivering highly adaptable, customized solutions for corporate travel management.

Simplify and Streamline

It has never been this easy to serve your travelers while optimizing organizational goals. TripSource: Portal by BCD Travel helps you take care of business – and the business traveler.
